PRESIDENT'S MESSAGE

by Vicki Lee

Summer's slower pace offers time to take stock. Where have we been and where is this chapter going? This administration has worked toward commitments to excellence in program, directory, newsletter and networking. Significantly, we have affirmed our intention to offer leadership in the area of social activism. (My own dictum, learned years ago in graduate school, is that the psychotherapist who does not work to change the status quo supports it.)

The reins change hands in a few months -- new blood, a time for redefinition and expansion. If you have creative energy to bring to this process, now is the time to identify yourself. What kind of organization would inspire your loyalty and support? What will you do to make your vision happen?

1984 MARRIAGE & FAMILY DAY

A major chapter event is being planned by your Board in conjunction with Foothill College. Tentative date is February 4, 1984. Presentation proposals on marriage, family and parenting issues of interest to the lay public will soon be called for. Start planning your proposal now.

Chapter Referral Service

Over the years the chapter has attempted several kinds of referral services for its members. The most successful is in San Jose. It is closely administered and run on a subscription basis. This service now has openings for interested therapists willing to meet its criteria, which include paying for yellow page ads and other advertising. Last year's average was \$240 per person. In addition, members must participate in regular business meetings of the service, and be available on a 24 hour basis during a week's rotation.

Mary Ellen Edwards (408/243-1200) is chairing the committee on chapter referral service plans. If you are interested in being a part of the San Jose service, please call before August 10th.
