PRESIDENT'S MESSAGE

By Vicki Lee, President

Writing these words, I feel grateful for the opportunity to have led this organization for the last two years.

During this time Board Members and I have expanded the quality of Chapter services including establishing professional quality as the standard for our Directory and Newsletter, and planning each meeting to be an event which truly warrants asking you to give up precious time to attend. Sam Keen, Peter Koestenbaum, and Mary and Bob Goulding have been joined by other presenters who have made significant contributions.

I find satisfaction, too, in this Chapter's commitment to world peace, and to the view that therapists have a significant role to play in its achievement.

Personally, I have felt wonderfully supported by members of the Board who have been outstanding in dependability and commitment to excellence. Opportunities to meet or renew friendship with our presenters has been a delightful fringe benefit, while the chance to share my own contributions to theory, practice, and poetry has more than repaid me for my own efforts.

I have learned (again) that contributions (however modest) to the quality of life on the planet are always rewarded. Thank you, Santa Clara Valley CAMFT!

PRESIDENT-ELECT -- CALLS FOR MEMBERS, MAKES COMMITMENTS.

by Mary Ellen Edwards, President-Elect

Why join the local chapter? Good question. We offer you timely programs and services and make our profession more visible and respected in the community. As President-Elect, my personal commitments are to organization excellence and individual "greatness", a nearly forgotten value. Please join now. We need you - as you need us.
